JLS Commissions Newspaper Press in Saudi Arabia

JLS Automation recently completed the commissioning of another NewzManager® press control system for Manugraph DGM on a single width newspaper press. This installation was in Jetta, Saudi Arabia and consists of 10 Towers and 2 Folders all of which are controlled and selected by the JLS Press Control System. Additionally, all the units are independently driven by Bosch Rexroth Servodrives and utilize the Synax synchronization technology. NewzManager® is a registered trademark of JLS.
